

AMAZING AMAZING AMAZING!!!!

You build a GREAT product!!

The install took me all of 10-15 minutes since the connector was under the dash and i ran the antenna out on the deck just in front of the windshield since i have an air intake vent there!

It holds speed MUCH better surfing and wakeboarding!! (within .1-.3 of actual)

Its SO nice as a small business owner myself to purchase a GOOD part at a GOOD price that actually WORKS!

Great job, I will recommend you to ANYONE I can!

Thanks again

Matt
